API INDUSTRIES, INC.

ESCO Energy Services Company  
309 Pittsfield Road  
Lenox, MA 01240  
Attn: Andrew Bloom

Dear Andrew:

Let us thank you for making the experience of changing our lighting system uncomplicated.

From the very beginning when you sold us the idea, completion of the paperwork with NYSERDA, right through its installation your staff and contractors did a wonderful job. They even worked on New Years Day when our machinery was down so as not to create problems for us during our normal 24-hour operation.

Our over 300,000 sq. ft. facility had many dark areas due to machinery placement and your staff has virtually turned night into day in those areas particularly for our second and third shifts which don't benefit from some daylight streaming into the building. The entire facility is also substantially brighter in all areas.

We certainly recommend you highly to others.

Sincerely,

Edward Lawner  
CFO & Controller
