ALBANY
INTERNATIONAL

Mr. Colby Lewis, President
Esco Energy Services Company
309 Pittsford Rd.
Lenox, MA 01240

Dear Mr. Lewis:

On behalf of Albany International we want to extend a short, but very sincere thank you for the excellent work on our lighting retrofit at East Greenbush. Not only was the project completed on time but completed without any interruptions to our 24/7 operation. Esco certainly lived up to Andrew Blooms commitments.

Thanks to Andrew's persistent sales effort, his focus on detail and follow up, and your organizations performance the quality of our new lighting has been appreciable improved. The effect is lighting producing twice the foot candles at approximately half the energy cost of the previous lighting.

We look forward to your visiting another Albany facility for another retrofit review.

Thanks for a successful project and continued success.

Sincerely yours,

Mike Dranichak
Assets Management

Mike Kerls
Electrical Engineer
