FOUNDERS, INC.

ESCO Energy Services Company
3 Elm Street
P.O. Box 565
Stockbridge, MA 01262

Attn: Andrew Bloom

ESCO Energy Services just completed a retrofit lighting project at our 20,000 square foot building to help reduce our lighting energy costs.

The installation was done in a most professional manner and some times under difficult situations (we are a Foundry)with no interruptions of our Production Schedules.

We highly recommend ESCO Energy for any lighting installations.

Very truly yours,

ATLAS FOUNDERS, INC.

Henry E. Sullivan,
Plant Manager
