ESCO Energy Services Company
788 South Street
Pittsfield, MA 01201

To Whom It May Concern:

In 2001, ESCO retrofitted our manufacturing area, warehouse, and offices with energy efficient lighting. To ESCO's credit, even though they worked in every area of our facility they never disturbed our ability to work. They modified their work schedule to accommodate our needs and still completed the project ahead of schedule. Their staff was skilled and always professional. ESCO's work has lead to immediate and substantial benefits.

Based on our dealings with ESCO I have no difficulty recommending them to others.

Sincerely;

Mike Todhunter
