Dear Andrew:

I am writing to say thank you for a fantastic lighting project at our facility. Your project manager, Barry Sowards, did an excellent job. We were pleasantly surprised at how smoothly everything went.

We have significantly increased light levels while cutting our lighting energy load by 48%. This a major win-win for Corbin Russwin. Anyone with metal halide lighting should strongly consider changing over to T5. The improvement is dramatic.

We appreciate all your efforts and will gladly recommend ESCO to anyone considering a lighting upgrade in their facility.

Sincerely,
