Dear Andrew;

Just a quick note to tell you how much we at Eastern Casting Company appreciate all the work put forth by you and the people from Constellation. I will admit I never thought I would make the decision to go through with the project but with your help I am glad that we did. No doubt one of the best decisions we have made for our facility, employees and customers. Although, only months into it, we can already see the payback in many ways.

The installation crew was extremely professional and efficient in the manner in which they went about the retrofit during our operation hours. Never once was it a concern in regards to lost production or interruptions of any sort.

Thanks again for the help and if I can be of any assistance to you in regards to referrals please let me know. There is no bigger pessimist than me, but thankfully I over came that this time.

Sincerely,

Andrew S. Nolan
