Mr. Andrew Bloom  
ESCO Energy Services Company  
3 Elm Street  
Stockbridge, MA 01262

Dear Andrew,

I would like to sincerely thank you and your staff for the “*successful*” implementation of our lighting project. Not only were we under a demanding time schedule, but the implementation took place during the company’s two busiest months of the year. Your team was able to accommodate our hectic production schedule by working in the evenings and on weekends. In addition, your team was able to navigate through some close quarters in some of our manufacturing areas without disruption.

The staff was courteous, polite and extremely cleanly. The project manager worked diligently with our maintenance manager to make sure we were completely satisfied with all of the zones. There is no doubt that ESCO aims to please.

Not only does Olympic look forward to the improved lighting, but also to the bottom line energy savings associated with the lighting upgrade.

Thanks for your efforts,

A handwritten signature in cursive script that reads "Linda Aloisi".
