Dear Andy,

I would like to take this opportunity to thank you, and your staff for the recent lighting installation project at Package Industries Inc. Sutton Mass.

ESCO's Presentation, scheduling and installation were very professional. Package Industries Inc. had very little interruptions in the offices and in the production facility.

I would also like to thank Gerry Ayotte and Lou Alfano. Lou and his crew interacted with the supervisors in the production plant. He responded to the needs of our facility without interfering with production. Gerry followed up to stay on schedule.

The upgrade project was handled in a professional and seamless manner. I would highly recommend ESCO to any business considering an energy savings and lighting upgrade.

Sincerely,

**Howard Hatch
