Dear Rick Davis,

I wanted to let you know that the ESCO team did a wonderful job while at our property completing a lighting retrofit. The communication levels were exactly what we needed in order to keep our tenants informed and feel part of the process. Lou, our Project Manager, checked in with the Management Office on a regular basis and visited with our tenants frequently to keep them advised of the schedule. The bid that we received was much more thorough than any other that came across our desk, which was a large reason we chose ESCO. This type of comprehensive service is what we received from start to finish with the lighting retrofit project.

On behalf of Paradigm Properties at Cambridgepark Drive, I highly recommend your services. Thank you again for taking the time to provide outstanding service. This truly was a turn-key operation.

Sincerely,

Stacey Karcz
Assistant Property Manager
Cambridgepark
