Dear Lou:

We would like to take this opportunity to thank you and your staff for the recent lighting installation project at Porex Technologies in Fairburn, Georgia.

We were very pleased with how smoothly and quickly the project was completed. Your crew was very professional and responded to all of our facilities needs without interfering with production. ESCO exceeded our expectations and we have realized a noticeable decrease in our total kilowatt hour energy usage.

I would highly recommend ESCO to any business considering an energy savings/lighting upgrade.

Sincerely,

Joel Williams
