Dear Andrew:

We are very pleased with the results of the recently completed lighting retrofit project at our facility. I am happy to say that the job was done efficiently and effectively.

We have already seen an improvement in the quality of light and look forward to the expected energy savings and lower maintenance costs.

I have to say that our experience with ESCO was very positive and I would recommend ESCO to anyone considering a lighting upgrade project.

Thank you for a job well done.

Sincerely,
