Energy Services Company (ESCO)
309 Pittsfield Road
Lenox, MA. 01240

To Whom It May Concern:

Energy Services Company did an excellent job on our lighting project. From the beginning their Engineers did a thorough job identifying all of our lighting upgrades.

ESCO began the lighting project with a pre-construction meeting with all managing personnel involved in the project. This meeting resulted in a very smooth and orderly project with virtually no interruptions to our production.

The workmanship was well organized, very professional, and well supervised.

TRW would highly recommend ESCO for any lighting project.

Sincerely,
